

Dear Louisiana Grand Prix Families,

We were hoping the pandemic would be long gone by January but obviously it is still around. With that being said, the staffs of Creole Lanes and the tournament will surely do everything we can to keep you and us safe while participating, following both the Governor's mandates and CDC guidelines. Louisiana is still in phase 2 of re-opening. Below are the new protocols we will follow to comply with these mandates:

**If you feel ill or have any fever or symptoms of the COVID-19 virus please remain at home.**

(1) Facemasks must be worn by all bowlers, except when eating or drinking at a table. All employees, spectators and tournament staff will be required to wear a facemask. We highly request your mask stay on while bowling, but if this creates an issue, you may pull it down while on the approach. Facemasks are required for all common areas of the center.

(2) Please limit spectators to 2 maximum per participant. We will put less bowlers on a lane than in previous years and ask you to socially distance yourself from other families as best you can.

We appreciate all those who have braved this challenging time by continuing your participation in our wonderful sport. Thank you in advance for complying with these protocols.

See you in Houma!
